graVITas

GraVITas is the annual technical fest of VIT. It is the center of attraction for a strong **student base of 35000** from various colleges. It provides a platform for the students to display their spectacular talents and innovations.

This year graVITas, with the theme "" is going to bring to its students, innovative events in every avenue of engineering coupled with events like:

- MEGATHON
- Workshop
- Seminars
- International Conferences.

TEC - VIT

Every once in a while, a new technology, an old problem and a big idea turn into an "innovation". This is exactly what TEC- The Electronics Club embodies. The club calls for electronics enthusiasts to come forward and present their ideas which can aid the world.

We conduct **regular workshops** and theoretical as well as **hands-on sessions** to support students who are passionate about electronics and help them in exploring new avenues. TEC focuses on the all-round growth of its members making them well-informed technologists .

Glitch 2.0

All the things that happen in life depend on uncertainty. So what will you do with this uncertainty? Face it? Embrace it? Question it? Resolve it?

GLITCH 2.0 is a one of a kind online cryptic-tech hunt which will test your eye for detail and also your technical and problem-solving skills. There will be four rounds, of increasing difficulty. All the four rounds will have an overarching technological storyline which will be unveiled as you progress through the rounds.

In each round, you will be posed with challenging questions/puzzles based on multi-disciplinary technical fields which need to be decoded and solved within the provided time limit.

The event does not need any special skills and thus, both novice and experts can participate freely. find the solutions to your questions as GLITCH 2.0 tests the limits of your imagination and skills. Get a chance to compete and learn in GLITCH 2.0.

Coming to you, This Gravitas

Why Us ?

In the present era of technology, coding and innovation, our event GLITCH 2.0 enables brilliant minds to experience hot technologies and gripping challenges in a collaborative way. Sponsors will have the unique opportunity to deal with a cohort of techies from all scientific and technological backgrounds and also those pursuing engineering in India.

Our sponsors would enjoy the following perks

- Company logo on our website as well as all advertisements.
- Social media publicity to our student base of over 500 students on instagram, 4500 on facebook.
- An opportunity to interact with students from all over the country by the means of webinars during and before the event.
- Interact with participants via giving challenges involving the company's software.

All these combine to give potential sponsors a vivid image of the technical extravaganza that GLITCH 2.0 is. This event can be made even more grand with the support of sponsors who would share our goals to create a wonderful, diverse and insightful event. Reserve your seat as our compiler to run this cryptic tech hunt without a glitch.
